This communication is in response to applicant's facsimile correspondence filed 15 January 2009 in the United States Patent and Trademark Office (USPTO).

BACKGROUND

On 02 February 2005, applicant filed international application PCT/JP05/04558 which claimed priority to an earlier application filed 04 February 2004. A copy of the international application was communicated to the United States Patent and Trademark Office from the International Bureau on 18 August 2005. Pursuant to 37 CFR 1.495, the thirty-month period for paying the basic national fee in the United States expired at midnight on 04 August 2006.

On 01 February 2006, applicant filed a transmittal letter for entry into the national stage in the United States, which was accompanied by the requisite basic national fee as required by 35 U.S.C. 371(c)(1); an English translation of the international application; an Information Disclosure Statement, an executed combined declaration and power of attorney; an Application Data Sheet and a First Preliminary Amendment.

On 13 July 2006, applicant was mailed a "Notice of Acceptance of Application Under 35 U.S.C. 371 And 37 CFR 1.495" (Form PCT/DO/EO/903).

On 15 January 2009, applicant filed the paper considered herein indicating that the applicant had discovered an error on the English translation of the international application.

DISCUSSION

Applicant has indicated that the previously filed English translation of the international

application contained an error. As such, the mailing of the Form PCT/DO/EO/903 was in error and will be vacated.

CONCLUSION

The Form PCT/DO/EO/903 mailed 13 July 2006 is hereby **VACATED**.

This application is being returned to the DO/EO/US for processing in accordance with this decision including the mailing of a NOTIFICATION OF MISSING REQUIREMENTS UNDER 35 U.S.C. 371 (Form PCT/DO/EO/905) indicating that a correct English translation of the international application is required.
